

The Yale Herald Survival Guide

Handy Tips

- Student phone numbers (except Old Campus) consist of the room number combined with the prefix 436.
- Numbers with the prefix 432 are generally office numbers.
- At any pantheon prompt, use the command "ph" plus a name to find telephone and address listings.
- Some of these listings may be out of date after press time. For more information, consult *The Yale Herald Student Directory* and the *University Directory*.
